New Faxing system

On Saturday, April 14th, there will be an upgrade to the Headquarters and Main Jail phone system. The time the phone system will be going down is 9:30 a.m. They are anticipating the phone system only being down for 30 minutes, however, there is a possibility it may take a little longer before it is back up.

For those of you who work in the Headquarters & Main Jail buildings who have voice mail, you will need to ensure that you obtain any information off of your saved messages. There is a strong possibility that your saved messages will be lost

during this upgrade.

Tamara and myself will be present during the upgrade so if you have any questions, please feel free to contact me on my cell (407-6050) or Tamara on her cell (522-2187).

Director Harrold & Director Leonard: Please work with one another regarding an alternate communication method for Warrants just in case something happens or it takes longer for the system to come back up.

Major Taylor & Captain Remley: Not sure if you have visitation that day, but please make arrangements for alternate communications too.

Thank you everyone for your cooperation. Hopefully everything will run smoothly.
